

LOS	COMMUNITY	Description: Project is located north of River Rock on a reclaimed county gravel pit (Cooper Pit). The site is 20 acres and has been reclaimed to flat ground with raised edges. Site has potential for a athletic field complex to serve the whole River Rock Area. This area while having a solid number of parks and good trail system is lacking in ball fields. It also has a high population of kids and families. It must be noted that the County intends to use the money from the sale of this property to help pay for the existing Road and Bridge site so use of the property would come with a price.
